Clement of Ochrid, Equal to the Apostles

COMMEMORATED THIS DAY

Saint Clement instructed children in reading and in writing. The total number of his students was enormous. Those chosen and accepted for the clergy amounted to 3500 men..

Saint Clement was the first Bulgarian hierarch to serve, preach and write in the Slavonic language. To this end he systematically prepared clergy from among the Slavic people. The holy bishop labored for the glory of God into his old age. When his strength failed, and he was unable to fulfill his responsibilities in the cathedral, he asked Tsar Simeon to let him retire.

The Tsar urged the saint not to forsake the cathedral, and Saint Clement agreed to continue his episcopal service. After this he went to Ochrid, to a monastery he founded. There the saint continued with his translation activities and translated important parts of the PENTEKOSTARION.

Soon the saint became seriously ill and departed to the Lord in the year 916. The saint's body was placed in a coffin he made with his own hands, and was buried in Ochrid's Saint Panteleimon monastery.

Many of the lessons and sermons of Saint Clement were brought to Russia, where they were read and lovingly copied by pious Russian Christians.
